Enhance Home Décor  
with  
Beautiful Fans

# Kühl Stylish Fans

Beauty  
to look up to

Welcome to the world of elegance, efficiency and savings!  
We know that you are unique, and so is your choice. To meet your exceptional style, Kühl has crafted a wide range of stylish BLDC fans.

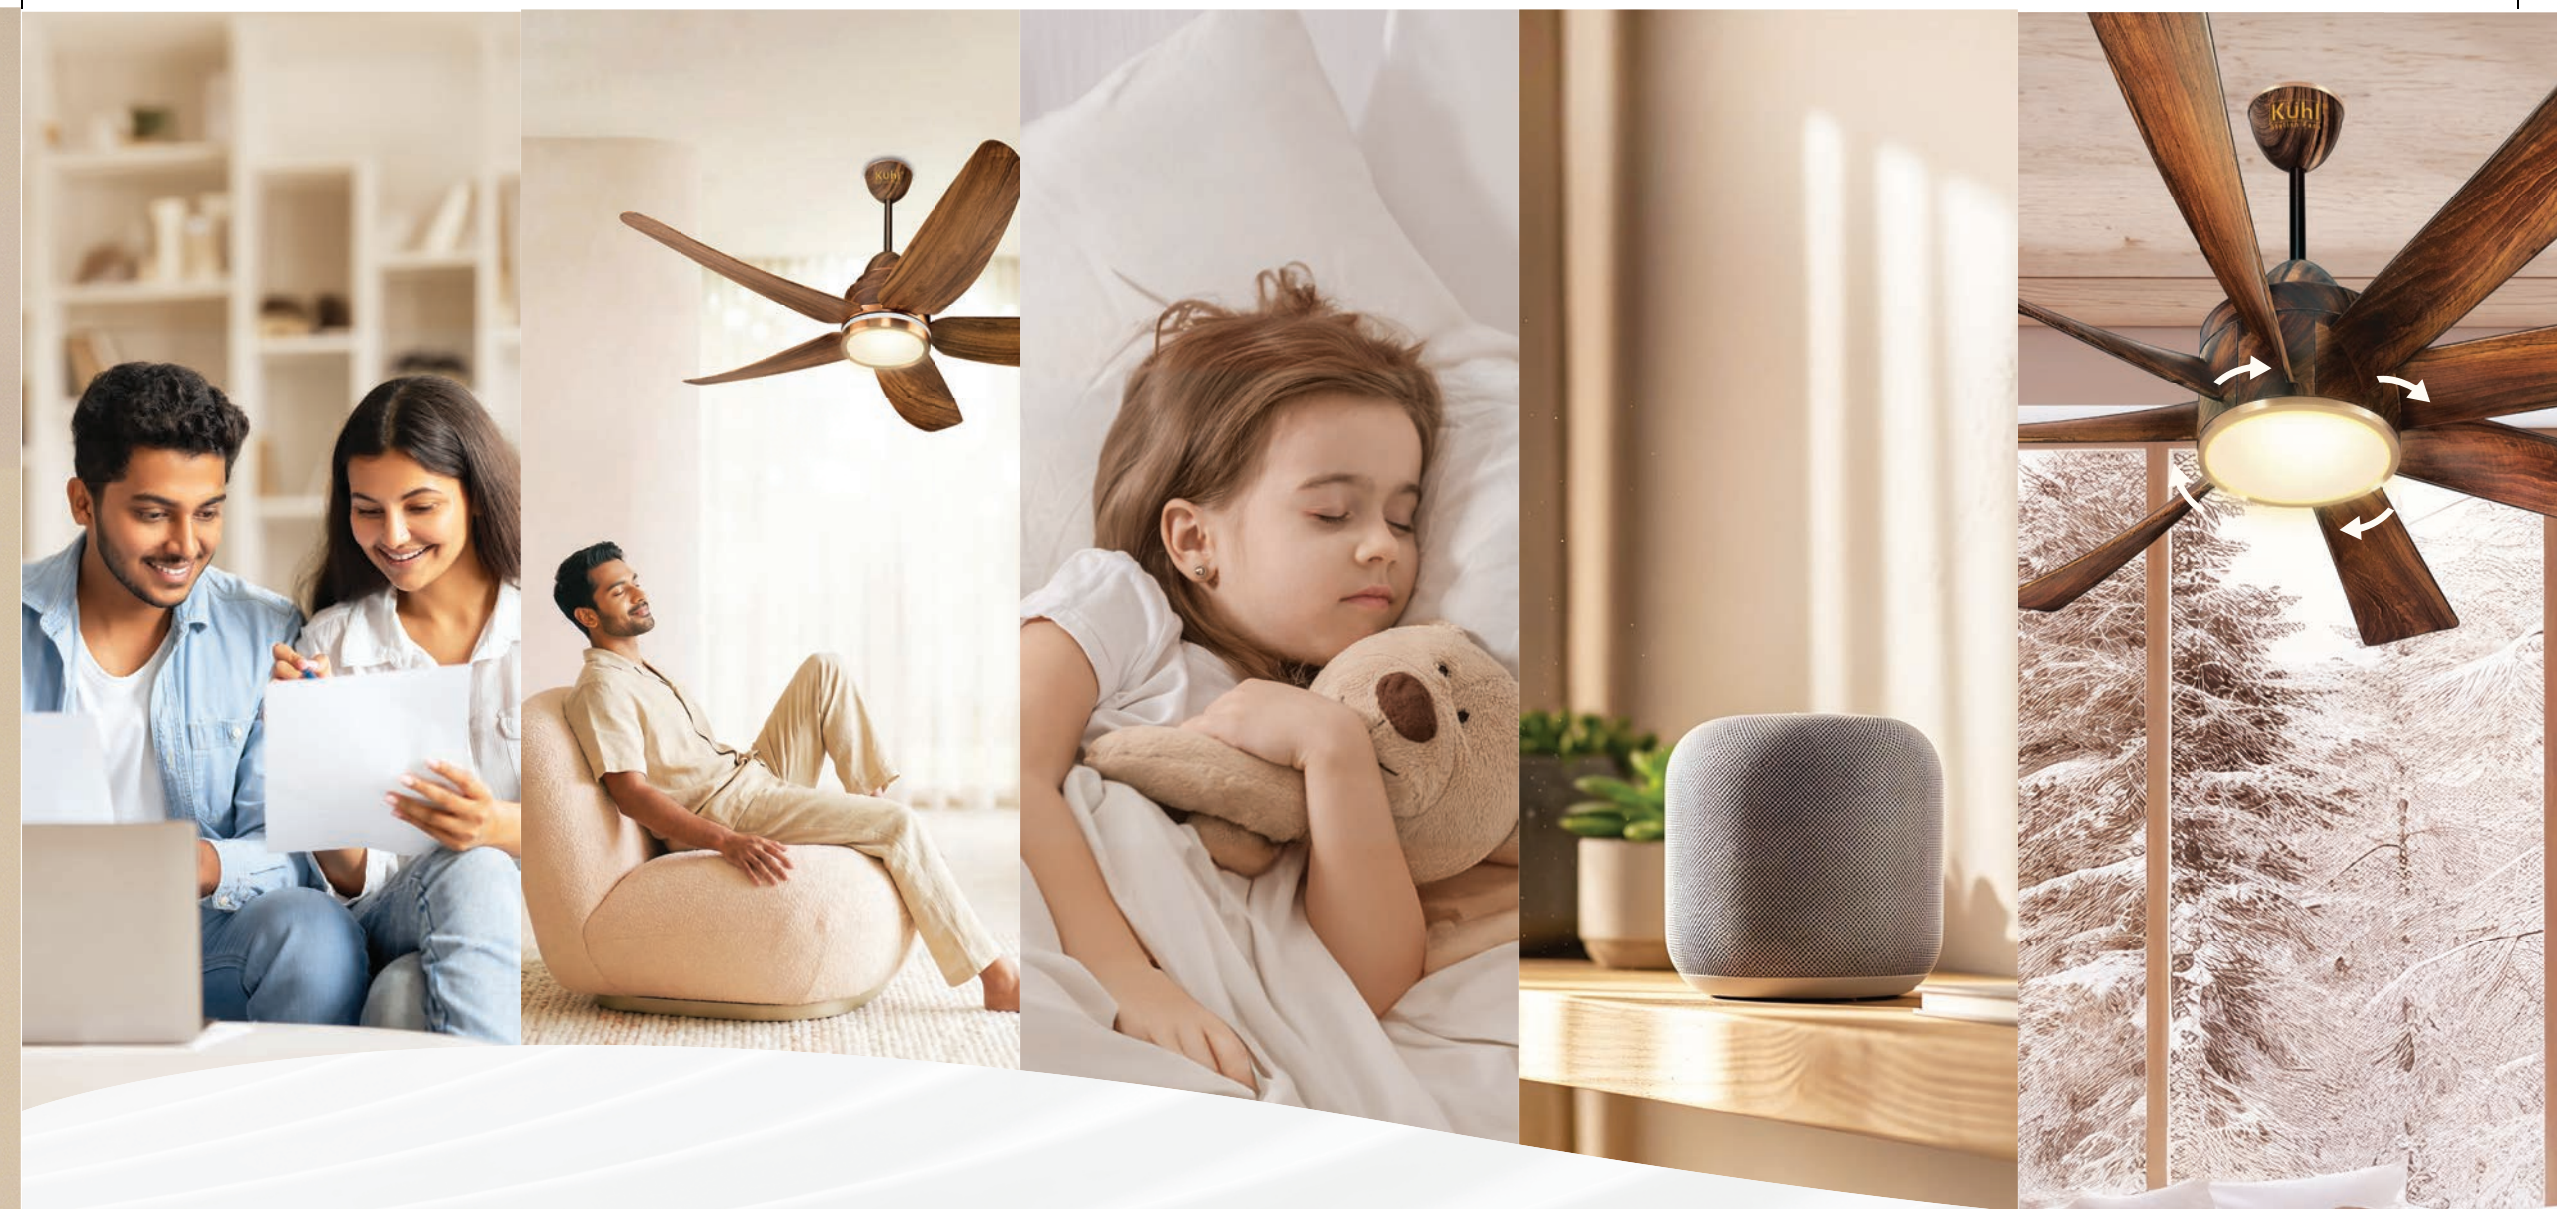

Kühl Stylish Fans elevate your lifestyle while offering cutting-edge BLDC technology that provides up to 65% electricity savings.

Experience modern design and unmatched comfort with Kühl Stylish Fans.

# Enhance Your Lifestyle

With the Next-Gen BLDC Fans

### Saves 65% Electricity with BLDC Technology

BLDC (Brushless Direct Current) motors are efficient, generate less friction, consume 28-30 watts and provide up to 65% electricity savings over induction fans.

### High on Style with Aerodynamic Design

Kühl BLDC Fans are high on style and redefine elegance with their Designs, Down Lights, Night Lights (White, Warm White and Yellow) and 3-8 Aerodynamic Blades for high airflow. They not only add style to room interiors but also to your lifestyle.

### Low Noise for Silent Comfort

Traditional induction fans are noisy, whereas Kühl BLDC Fans have aerodynamic blades which provide high air delivery at low noise for silent and peaceful comfort.

### Operates On: Remote, IoT/Wi-Fi, Smartphone and Voice Command

Kühl BLDC Fans operate on remote and smartphone. The fans are voice-enabled, compatible with Amazon Alexa, Wi-Fi enabled, and support multi-fan control.

### Reverse Mode for Winters

To make your winters more comfortable, Kühl BLDC Fans come with reverse mode which rotates clockwise to circulate warm air (generated through room heaters, etc.), ensuring even heat distribution and enhancing comfort throughout.

## DESIGNER RANGE

## Kühl CENTAURI SERIES

Transform your décor with fans that epitomise grand sophistication and become the centre of attention everywhere. Sculpted with a sleek silhouette and adorned with stunning chandeliers, each fan turns rooms into unforgettable expressions of beauty.
